ABOUT US

Kalinga Institute of Industrial Technology (KIIT), renowned in the education sector, has emerged as a highly sought-after academic institution in India. Established in 1997, KIIT Deemed to be University (DU) has consistently grown and is widely respected for its academic excellence, extensive community engagement, and ethos of compassion and humanitarianism. Its remarkable expansion over just 25 years has made it a unique case study in Indian education. KIIT is dedicated to providing high-quality education, ensuring stakeholder safety and well-being, fostering innovation and skill development, and nurturing a culture of growth and success. Its incredible transformation is truly a journey from Soil to Silver. All the achievements of KIIT DU have been possible because of its founder – Prof. (Dr.) Achyuta Samanta – lovingly called Samanta Sir – the epitome of principles, discipline, hard work, and selfless service. It truly is an inspiring story of a humble man steering two institutions: KIIT & Kalinga Institute of Social Sciences, to glory despite all the hardships and struggles.

School of Mechanical Engineering

The School of Mechanical Engineering is amongst the top-rated departments at KIIT University leading in student's placements, achievements, research, projects, collaborations, technology incubation and entrepreneurship. The school houses four different streams, i.e. Mechanical, Aerospace, Mechatronics and Automobile. The students, here get a platform to showcase their talents to a global audience, with foreign student exchange programs and internships. The school currently offers an optional open elective, honours as well as minor courses based on credit system for those interested in interdisciplinary programs. The school aims to produce high quality individuals with keen and active interest in the frontier areas of mechanical engineering.
